

CampusTutor : Peer Tutoring System

1: Verified Course-Specific Tutor Pool [Redowan]

- tutors are students who got A/A+ in specific courses
- verified from the gradesheet and approved by admin ,number of recommendations by professors
- showcase each tutor profile with their informations

2: Session booking and availability calendar [Humaira]

Students can:

- View tutor availability (time slots)
- Book sessions directly
- See upcoming sessions

Tutors can:

- Set available days & times
- Accept/reject requests

3: Peer Review System [Shaira]

- 1–5 stars
- one review per student per tutor
- option for anonymity while giving review
- only visible within university

4: Professor Recommended Tutors [Redowan]

- Professors can mark "recommended tutors" for their course

5. Top Recommended Tutors [Redowan]

- displays top tutors ranked by number of professor recommendations received
- marks top 3 tutors, then shows the rest
- each tutor card includes: name, department, CGPA, courses they teach, number of recommendations, and list of professors who recommended them
- avg rating appears if available (from student reviews); otherwise shows "No ratings yet"
- students can filter results by specific course to find subject-specific recommendations
- recommendation count updates as professors add or remove recommendations
- clicking any tutor leads to their full profile page

6. Study Group Formation **[Shaira]**

- group 3-4 students with same weak subject
- peer learning without formal tutor(they can help eachother)
- a student can create a group and share chat-link or meeting id, also delete it
- other students can join, also leave

7. Exam Revision Session Requests **[Humaira]**

- admin enters exam date
- if within 7 days, students can request revision session
- system creates group session if enough students join

8. Role Based Dashboard : Multiple user view **[Shaira]**

- automatically shows/hides menu items based on user's role from database
- prevents users from accessing features meant for other roles
- students see: Write reviews, view reviews, create/join study groups, browse tutors
- tutors see: All student features + set availability, view my reviews, my profile
- professors see: Browse verified tutors, recommend tutors, view recommendations, tutor reviews
- admins see: approve pending eligible tutors, view all tutors, all reviews, recommendations
